- Built-in user controlled volume “LOUD” button for ADA mandated volume control (must be user-controlled volume amplification AND volume must be reset to normal with on-hook to meet ADA requirements).
- Heavy duty 14 gauge brushed stainless steel provides rugged vandal resistant telephone housing designed for inmate use.
- Confidencer technology, built into every dial, filters out background noise at the user’s location, allowing better sound to the called party.
- All-in-one electronic dial features modular incoming line and handset connections for quick maintenance. Carbon (HS) and DuraClear (DURA) Handsets have separate 4-pin connections.
- Heavy chrome metal keypad bezel, buttons, and hookswitch lever withstand abuse and vandalism.
- Armored handset cord is equipped with a steel lanyard (1000# pull strength) and secured with a 14 gauge retainer bracket for maximum vandal resistance.
- Handset has sealed transmitter and receiver caps, suitable for heavy use and abuse locations.
- Hearing aid compatible and FCC registered US:1DATE05BITC-254, IC:3267A-ITC254.
- High Security Locks are protected by hardened steel anti-drill pins at critical points. Double locking principle renders the lock virtually pickproof. Recognized by experts throughout the world as the standard for high security. Key can not be duplicated by a lock smith.
